

# HENLE LIBRARY – CAMPUS EDITION

For students  
and teachers at  
music colleges

**HENLE LIBRARY**

# CONVENIENT FOR MUSIC COLLEGES

- › app on the tablets (Apple or Android) of students and staff
- › content completely cloud based
- › no further installation on the institution's computers required
- › authentication based on IP Range and, if requested, on institution's e-mail-domain
- › maintenance, service and user support undertaken by Henle
- › if desired catalogue data can be provided for OPAC
- › clear and affordable licence model, tailored to the needs of the institution
- › technical support to assist implementation

“This app is irreplaceable! It means I always have the music at my fingertips.”

Yuja Wang | Piano

## ATTRACTIVE FOR STUDENTS

- › Henle Library app for tablets (Apple or Android)
- › access to the sheet music of G. Henle Publishers free of charge
- › all of the contents and functions can be used individually and independent of location
- › registration in the institution's library or via their remote access
- › after completion of studies, the option to transfer personal entries and settings to a private account (access to sheet music subject to a charge)

“This app is just wonderful!”

Renaud Capuçon | Violin

# THE HENLE LIBRARY APP

**Ideal for practical use when practising, rehearsing, performing classical music using a tablet. First released in 2016, the Henle app has since become the market leader.**

- › almost all of the Urtext editions by G. Henle Publishers (individual parts, scores, piano reductions)
- › versatile annotations
- › fingerings on/off; a great many more, alternative professional fingerings
- › extremely fast page turns
- › with a simple tap jump precisely between the individual part and the score
- › adjust the layout of the music, create playlists
- › all of the texts as pop-ups at the relevant place in the music
- › record, play, metronome, print
- › and much more
